Annual Medicare Open Enrollment Period Reminder!

Each year, during Medicare's open enrollment period, October 15th – December 7th, Medicare beneficiaries are encouraged to review prescription drug and health plan coverage to assure they have the best possible coverage for the coming year. Coverage elections made during open enrollment become effective January 1st of the following year.

There is no charge to review or switch from the current coverage. It is recommended that beneficiaries complete a review as their current plan may result in much higher costs for prescriptions or for health care which is scheduled to take effect in the new year. The Annual Notice of Change is mailed to each beneficiary to explain whether the plan will:

- Charge or increase the monthly premium
- Charge higher costs or deductibles
- Require access to services from network providers
- Offer extra benefits such as dental/vision exams or health club memberships
- Change the formulary of covered prescription drugs
- Terminate a plan or reduce the service area
- And more.

Next, you will want to compare your current plan to other plans available in the area. Comparing plans is easy. The "Medicare & You" publication for the coming year includes the listing of plans offered in the state. If assistance is needed, contact the Medigap Helpline at 1-800-242-1060 for free and confidential insurance and drug plan counseling. Medigap Helpline Insurance Counselors, a part of the Wisconsin SHIP (State Health Insurance Program) are available to provide assistance.

You can also call Medicare directly at 1-800-633-4227 any day or time. Access Medicare.gov (the official U.S. government site for Medicare) and use the "Planfinder tool". You can also call the plan(s) directly to ask questions. For help with prescription drug plan comparisons, call the Medigap Part D and Prescription Drug Helpline (over age 60) at 855-677-2783 or call the Disability Drug Helpline (under age 60) at 1-800-926-4862.

This project is funded in whole or in part by Federal grant number 90SAPG0091 from the U.S. Department of Health and Human Services Administration for Community Living.
